**EXAMINER'S AMENDMENT**

(1)

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert L. Scott II on July 8, 2005.

The application has been amended as follows:

Claim 24, line 7, "film" has been changed to "material"

Claim 24, line 10, "connector" has been changed to "conductor"

Claim 24, line 11, "connecting" has been changed to "conducting"

(2)

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or suggest the step of preheating the stack to cause binder particles added to the interlayer conducting material paste of first and second metal materials to diffuse into the metal materials, prior to heating and pressing the stack and after packing insulator material in the via holes, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
